

Additional prohibition of the manufacture, import, transfer, offer, or use of asbestos-containing products

Underlined portions are going to be deleted from the current positive list which provides products not prohibited from manufacturing, etc.

Product name	Application and condition	
	after revision	current
1. Compressed asbestos sheet gasket (Compressed asbestos fiber gasket)		<u>Those of 1,500mm or larger in diameter which are used for joint parts in the existing domestic facilities of service to chemical industry.</u>
2. Raw material		<u>Those used as raw material or components of products as shown in the above item 1.</u>

The current positive list which provides products not prohibited from manufacturing, etc appears under Article 3, Supplementary Provisions of the Cabinet Order for Partially Revising the Cabinet Order for Enforcement of the Law on Industrial Safety and Hygiene (Cabinet Order No. 257, 2006)
